### Hudec Dental Offers Additional Services in Canfield Office

Canfield, OH (1/31/2018) – Hudec Dental is proud to announce that Dr. Buckley in our Canfield office not only offers general dentistry services but also offers orthodontic treatments. Our additional services will provide our current and potential patients the convenience of offering multiple services for patients of all ages in one office.

“Dr. Buckley is a tremendous asset to our Canfield office and helps us better serve our patients as we continue our journey in the Youngstown market,” said Dr. John Hudec, President of Hudec Dental.

Dr. Buckley and the Canfield office makes it easy for their patients to feel confident that they have made the correct decision to come see them for their dental needs. They provide a unique combination of experience, convenience and professional diversity that keeps patients coming back and referring their friends.

Dr. William Buckley began practicing dentistry after he received his Doctor of Dental Surgery degree from Case Western Reserve University School of Dental Medicine in 1975 and practicing orthodontics since 1979. He received his Fellowship from the Academy of General Dentistry in Chicago and received Diplomates from both the International Association of Orthodontics and Light Force America. He has lectured on dentistry and orthodontics around the world in countries such as Poland, Mexico, Canada, Cairo, and the Philippines.

Hudec Dental expanded their dental services to the Youngstown area through their Canfield office just over two years ago and look forward to continually growing their practice and serving the Youngstown community. The Canfield office is north of the fairground on East Main Street (US 224), off of exit 34 from Route 11.

Qualifying new patients who visit us and start treatment in February or March will be entered in a drawing for free custom whitening trays (\$250 value) or a Diamond Clean electric toothbrush (\$250 value). Give us a call at 330-533-1153 to get started.

### About Hudec Dental

Since 1977, we’ve built our foundation in Northeast Ohio on the sole purpose *to improve the quality of life of those we serve*. We are driven by our work and are equally passionate about delivering value to our patients. It is with that mindset that we not only take pride in our dental care services but also work to develop and maintain personal relationships with our patients. We have created a team that is made up of knowledgeable and experienced dental professionals who operate
