### **Hudec Dental Takes On COVID-19 with a virtual submission tool**

Cleveland, OH (3/23/2020) – Hudec Dental is taking on the COVID-19 virus in the best way that they know how. They are seeing those emergency patients that need immediate dental care but are also seeing patients through a new virtual submission tool.

At Hudec Dental, the purpose is “To improve the lives of those we serve” and what better way to do that than by using a virtual submission tool. This tool is to help identify if the patient is having a dental emergency or if the patient can wait until they are back open for regular business to come in.

The virtual submission tool can be found on the homepage of their website under the tab COVID-19. The idea behind this tool is for both current and potential patients to submit their dental questions and concerns, complete with photo submissions. This will allow individuals within the community to have someone to turn to in this time of uncertainty for answers to their dental concerns, FREE of charge.

Hudec Dental wanted to continue helping their patients with their dental health but also be conscious of how many patients they see in a day. By moving to a virtual submission process that will tremendously help cut down the number of patients that come into their offices and therefore help stop the spread of the virus which is the ultimate goal.

This FREE service is for ALL of Northeast Ohio to help ease some fear and uncertainty in this time of uncertainty. This concept is something completely brand new to the dental community in Northeast Ohio. The hope is that it helps eliminate those patients in their offices and helps keep everyone healthy and pain free when it comes to dental care. Hudec Dental is honored to provide support during this time of need.

### **About Hudec Dental**

Since 1977, we’ve built our foundation in Northeast Ohio on the sole purpose *to improve the quality of life of those we serve*. We are driven by our work and are equally passionate about delivering value to our patients. It is with that mindset that we not only take pride in our dental care services but also work to develop and maintain personal relationships with our patients. We have created a team that is made up of knowledgeable and experienced dental professionals who operate with the latest technology and services. You can put your trust in Hudec Dental to give you the best dental care every time you choose to come and see us.
