

# Teeth Whitening

**216-661-8888**

## Why Whitening?

Your smile is your number one accessory. Why settle for less than extraordinary? Teeth will naturally darken over time, and coffee, tea, tobacco, and medications will only speed up the process.

Dentist-supervised teeth whitening is the safest and most effective way to remove stains and reveal a bright, youthful smile. Only your dentist has the expertise to achieve faster, deeper, and longer-lasting results safely.

At Hudec Dental, we provide multiple teeth whitening services. With regular hygiene visits, maintaining a stunning, white smile is easy.

**Call 216-661-8888 or visit

## In-Chair Whitening

The Opalescence Boosting whitening system consists of 2-3 20-minute applications with a 40% hydrogen peroxide gel for a rapidly whiter smile in a 60-90-minute appointment. This system also includes Venus White Ultra pre-filled trays at the time of treatment and a free bleaching pen at each consecutive re-care visit.

**\$395 value**

## Take Home Kit with Custom Trays

The Venus White Pro treatment starts in our office and continues conveniently at home. Custom trays are made from impressions of your teeth, paired with whitening syringes and instructions to allow you to manage the process. You can wear the trays during the day or night, depending on your preference and the concentration used. Free boosters are provided at every routine re-care visit.

**\$250 value**

## Take Home Pre-Filled Trays

The Opalescence GO treatment is a simple whitening solution that includes a 10-day supply of pre-filled disposable trays used 10-20 minutes per day.

**\$65 value**

## Whitening Maintenance Kit

This kit includes pre-filled syringes and Instructions for use with the custom trays. Concentrations are available for both daytime and nighttime whitening.

**\$55 value**

## Bleaching Pen

Venus White touch-up pen is a convenient option for on-the-go touch-ups to maintain results achieved from Venus White Ultra, Pro or boost. It can also offer brightening or minor discolorations.

**\$22 value**
